For example, the embodiment of claim 3 is within the scope of claim 1 from which it depends, such that claim 1 reads on the elected Species. Claim 2 depending from claim 1 does not limit the amount of carbon fiber or the amount of binder formed of styrene-butadiene rubber, such that claim 3 is also within the scope of claim 2. Therefore, claim 2 also reads on the elected Species. The same also pertains to claims 4-21.

Applicants also reserve the right to file a Divisional Application directed to the non-elected subject matter.
